

Digital forensics, built for public safety

Who do we serve?

Digital Forensic Examiner

Digital Forensics Lab Manager

Investigators

Prosecutors

IT Staff

Senior Leadership

Government Agencies

Digital forensics is increasingly complex as investigators face massive data sets, diverse devices, and rapidly evolving technology—making it harder to identify critical evidence and keep cases moving forward.

At Magnet Forensics, we empower investigative teams and the communities they serve by providing an investigative edge through innovative digital forensic solutions.

Identify critical evidence faster

Cut through massive amounts of data to quickly surface critical evidence—quickly.

Work seamlessly across your digital workflow

Bring mobile, cloud, computer, and media evidence together in one place.

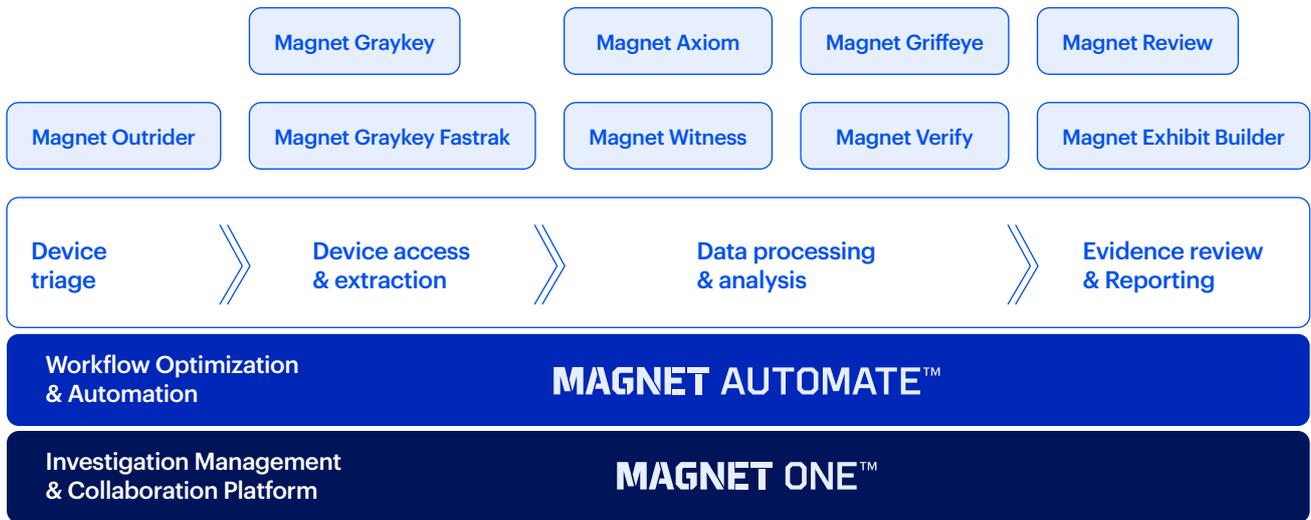

Do more in less time

Reduce backlogs, automate repetitive tasks, and manage cases more efficiently.

Improve collaboration

Seamlessly share evidence with others to keep cases moving forward.

Solutions for every stage of your investigation

Magnet One

Connect your organization's people, process and technology in one investigative platform.

MAGNET ONE™

The Magnet One platform gives forensics teams, investigators, prosecutors, and agency leadership an investigative edge, enabling them to work together to leverage all their digital evidence for stronger cases and greater impact.

Mobile forensics solutions

Unlock critical insights with seamless access and extraction—in one streamlined workflow.*

MAGNET GRAYKEY™

Providing same-day access to the latest iOS and Android devices—often in under one hour.

MAGNET GRAYKEY FASTRAK™

Providing same-day access to the latest iOS and Android devices—often in under one hour.

**Magnet Graykey and Magnet Graykey Fastrak are not available in certain countries.*

Collection and analysis solutions

Recover, surface, and analyze the most relevant data to identify relevant case evidence.

MAGNET AXIOM®

Examine digital evidence from mobile, cloud, computer, and vehicle sources—including third-party extractions—together in one case file.

Media forensics solutions

Review, analyze, and verify substantial volumes of digital media evidence, quickly and efficiently.

MAGNET GRIFFEYE™

Transform digital media overload into investigative insight. Swiftly process and analyze vast amounts of images and videos.

MAGNET VERIFY™

Protect the integrity of your investigations. Confidently authenticate images and videos, and counter manipulated media.

MAGNET WITNESS™

Streamline your video acquisition and analysis. Acquire, review, and analyze video evidence, all with one advanced product.

Collaboration and reporting solutions

Enhance team performance by enabling instant access to case data for everyone, from anywhere

MAGNET REVIEW®

Quickly and securely share digital evidence with your investigative teams, including non-technical reviewers and other stakeholders.

Automation and optimization solutions

Automate the processes and tools that already work in your lab to eliminate manual tasks and reduce time to evidence.

MAGNET AUTOMATE™

Unlock lab capacity, empower your experts, and finish digital investigations faster.

Who we are

Magnet Forensics is a developer of digital investigation software that acquires, analyzes, reports on, and manages evidence from computers, mobile devices, IoT devices and the cloud.

Our solutions are used by over 5,000 public and private sector organizations in over 90 countries and have been helping investigators fight crime, protect assets and guard national security since 2011.

100+ countries
6,000+ agencies & organizations

Our customers

Magnet Forensics empowers law enforcement agencies, governments, and organizations around the world with innovative digital investigation solutions that uncover the truth.

Support when you need it

When you purchase solutions from Magnet Forensics, you obtain more than the product. Our best-in-class training, professional services, and customer success team are here to help you every step of the way.

- Learn how to optimize your digital forensics skills with training
- Engage with a Customer Success Manager for quick support and guidance for maximum value
- Receive consultative engagement for maximum value
- Maximize your investment with professional services
