

THE WORLD'S MOST USED **ALL-IN-ONE** INVESTIGATION PLATFORM

For cyber investigators of all levels:

- ✓ Non-technical investigators
- ✓ Trained OSINT analysts
- ✓ Technical investigators

 **MONITOR**
Formerly PublicSoner

Gain situational awareness with real-time social media monitoring and AI-driven capabilities to analyze public safety disruptions, crises, and business threats.

 **SEARCH**

Run simple searches for preliminary OSINT investigations and create person of interest profiles in the browser and across devices.

 **GRAPH**

Conduct complex link analysis to uncover connections in large datasets and map evidence to chronological timeline and geographical locations.

 **EVIDENCE**
Formerly Social Network Harvester

Perform a deep analysis of hard-to-reach social media data across multiple networks to detect hidden patterns and connections of targets before the evidence disappears.

CASES

Cloud-based case management for clear documentation of investigation progress and access-based collaboration.

ADMIN

Audit and analyze your organization's Maltego usage, billing, and access authorization.

 **DATA**

Access data from 120+ providers and 12,000+ search methods for cyber threat intelligence, social media, cryptocurrency, the dark web, corporate data, and more, with easy integration of your own data into Maltego!

 **ACADEMY**

On-demand learning paths, OSINT Masterclasses with Maltego experts, and personalized sessions with our training specialists on Maltego Academy.

Try the world's most used platform for OSINT and investigations!

Secur|Ty
Trust Seal
www.trust.de/issmg
made in Germany

Monitor social media in real time with AI-powered analysis for public safety and brand protection.

REAL-TIME INSIGHTS. INFORMED RESPONSE.

Real-Time Data

Real-time insights from major social media and online sources like X, Facebook, Instagram, Snapchat, TikTok, Telegram, and more.

AI-Assisted Analytics

AI-assisted analytics to make sense of live data at scale through entity extraction, image recognition, video transcription, and sentiment analysis.

Easy-to-Use Interface

Intuitive search and monitoring interfaces with pre-default building blocks to customize your dashboards based on locations, keywords, and accounts.

Collaboration & Sharing

Shareable live dashboards, automated alerts, and built-in reporting features to enable cross-collaboration and insights sharing.

STAY EVENT AND REGION-FOCUSUED

Set up customized monitoring dashboards for specific keywords, events, regions, and topics.

MAXIMIZE THE POWER OF OSINT

Monitor real-time happenings and sentiments across multiple social media platforms, blogs, and news outlets.

Keep the public and businesses safe with real-time OSINT data!

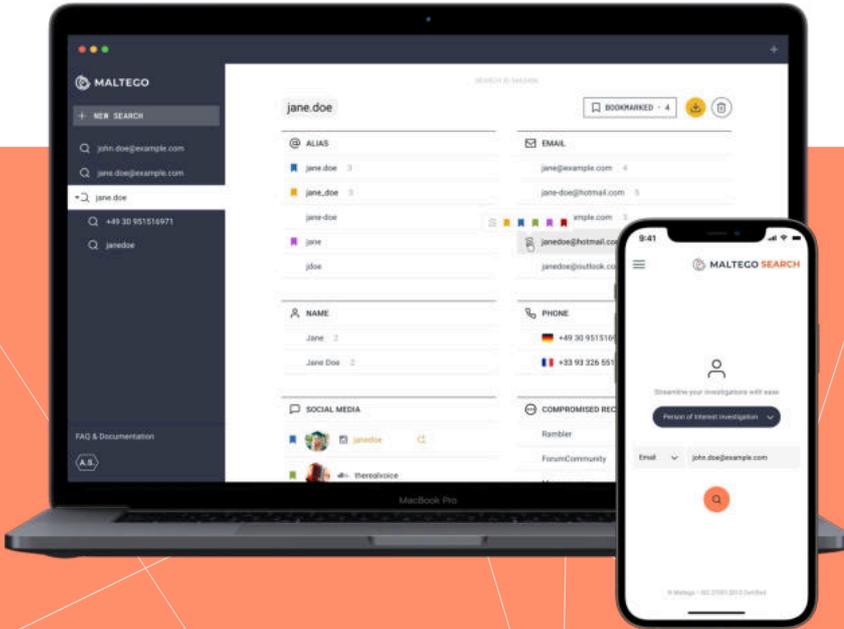

Schedule a personalized demo at www.maltego.com

WHAT OUR CUSTOMERS SAY

“A big advantage of Maltego Monitor is that it is **easy to implement into our daily operational workflow** and, once set up for a specific event, you can resume other tasks while kept in the loop by Maltego Monitor.”

Commander of Team Intelligence Coordination from **Regional Intelligence Organization (DRIO) Rotterdam**

Generate full profiles of your targets in under 10 seconds. Anywhere you go.

TAP INTO ALL THE DATA YOU NEED FOR PERSON OF INTEREST INVESTIGATIONS.

Over 1 BN Online Identities

Connect anonymous data like phone numbers, email addresses, and aliases to real identities.

Over 200 Social Media Platforms

Search and profile social media activities across mainstream and niche social networks.

Over 1 TB of Breached Data

Search over 1 TB of publicly available breached data and dark web intelligence for information like account passwords.

Billions of Website Records from Whois Database

Search from the Whois database for all relevant website and domain registry information.

FOCUS ON CASES THAT MATTER

Let non-technical teams take on preliminary OSINT searches and keep your technical experts on complex investigations.

CLEAR DATA LINEAGE & OPSEC

Ensure the integrity of your data sources with clear connections and the identity security of your investigation teams.

Be 12x faster with your OSINT investigations!

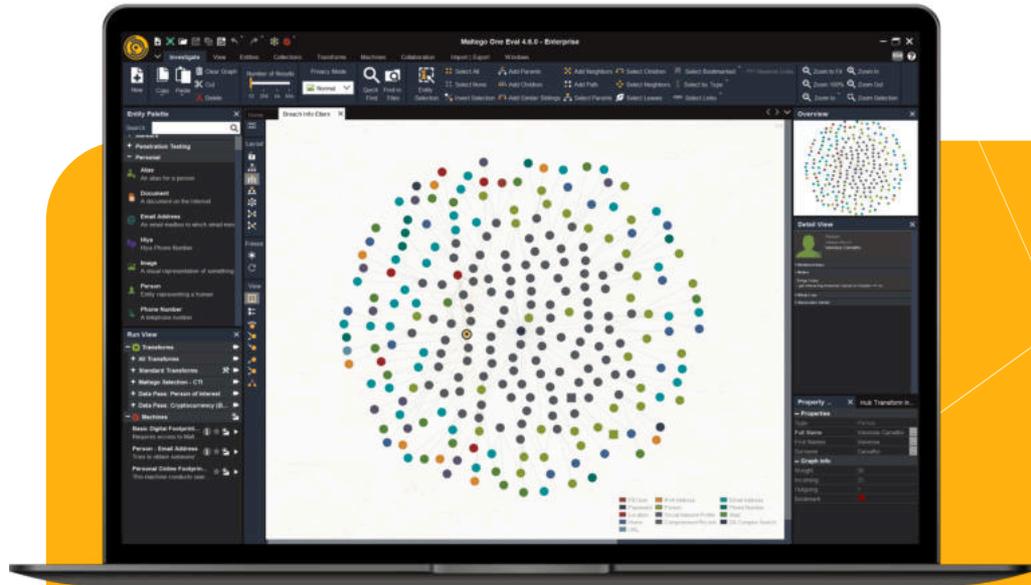

Schedule a personalized demo at www.maltego.com

WHAT OUR CUSTOMERS SAY

“Before Maltego, we were only able to manually look into Facebook and Google suspects. **With Maltego, we are generating full profiles of our suspects within minutes.** What used to take months to solve is now a matter of days. It is a **game changer** for our OSINT investigations.”

Team Lead of OSINT Investigations from **European LEA**

Uncover hidden connections in large datasets intuitively.

1

Simple User Interface

Centralizing all intelligence gathering and analysis for your investigations.

120+

Growing Collection of Data

Equipping your team with the most relevant data at all times, out-of-the-box.

1mn

Data Points on One Graph

Designed to spot patterns and connections in large-scale, advanced data link analysis.

SPOT DATA CONNECTIONS VISUALLY

Even in the most complex graph, you can spotlight and identify data connections and patterns in an intuitive and holistic way.

SEAMLESS DATA INTEGRATIONS

Whether it is OSINT, external intelligence feeds, or internal databases, you can query and analyze all your data in one place.

AUTOMATE REPETITIVE STEPS

Easily set up automations to standardize and accelerate your investigation processes.

WHAT OUR CUSTOMERS SAY

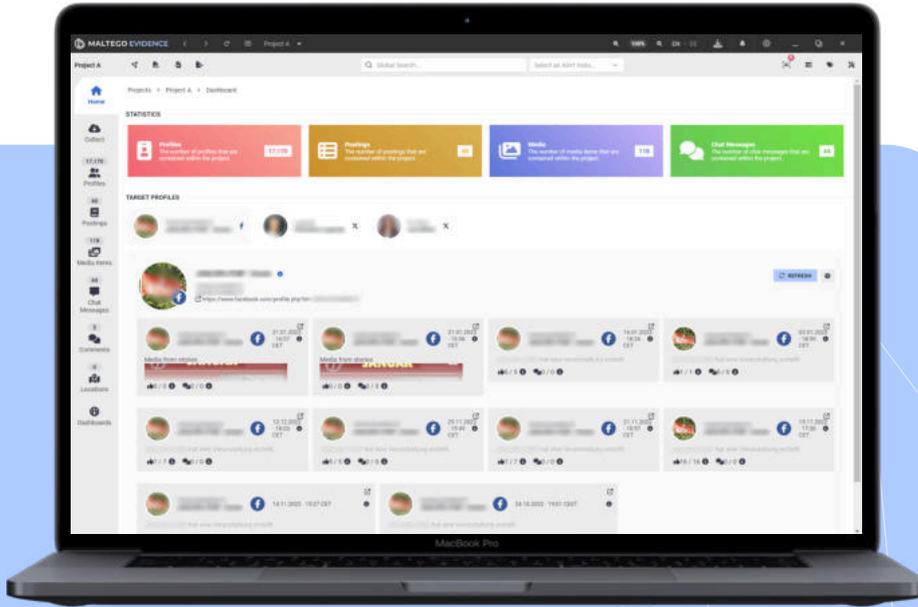

Speed up analysis and data collection from hours to minutes!

“Maltego Graph is the first tool I’d install on any researcher’s laptop, and the first I open every time I’m starting a new investigation.”

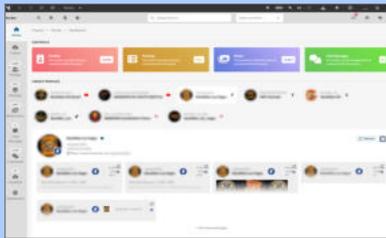

Robert McArdle from **Trend Micro**

Schedule a personalized demo at www.maltego.com

Analyze original social media data & detect hidden patterns before evidence disappears.

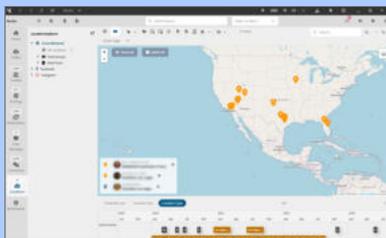

COLLECT

Every piece of information such as public contact lists, group members, timeline of interactions, text, visuals, locations, and videos.

ANALYZE

Identify and discover user ID, relevant profiles, mutual connections, and communities through full-text search and analysis dashboard.

VISUALIZE

Built-in social network visualization to showcase profile connections and geographical locations and generate court-proof reports.

CONDUCT DEEP SOCIAL NETWORK ANALYSIS.

Find Evidence in Massive Data

Uncover connections and patterns in suspect activities across multiple networks, and anticipate their next moves with direct access to elusive data.

Maximize Collaboration

Store data locally with a clear chain of evidence and easily share reports with original data across other teams.

Let no single piece of digital evidence slip through the cracks!

WHAT OUR CUSTOMERS SAY

"If the subject has a long list of followers, **Maltego Evidence is an excellent tool to collect, filter, and report nicely.** I liked the 'mutual friends' feature, which could be critical."

Internet Investigator from **Swiss Police**

Maltego Cases

Store and collect all your investigations in one place. Cross-correlate all analysis and data in one format.

+ Maltego Admin

Audit and analyze your organization's Maltego usage, billing, and access authorization.

YOUR SINGLE PANE OF GLASS FOR ALL RELEVANT DATA!

EXTERNAL →  **MALTEGO DATA** ← INTERNAL

DATA PASS

Benefit from multiple and diverse data sources without switching platforms, with credit-based access included in your Maltego plan. Let us take care of sourcing!

- Person of interest
- Cryptocurrency
- Cyber threat intelligence
- Dark web intelligence
- Corporate Intelligence
- And more!

CONNECTORS

Already have API keys to your favorite data sources? Simply plug them into our 100+ ready-made Connectors to enrich your investigations further.

CONNECTOR BUILDERS

Integrate with virtually any internal or external data source by writing your own Connectors.

Custom Services

Work with our custom engineering consultants for specialized Maltego deployment to suit your organization's investigative and compliance needs.

ACADEMY

Access enterprise-grade on-demand courses, OSINT Masterclasses with Maltego experts, and live training sessions with our training specialists.

Supercharge analysts with the most essential, relevant data!

Schedule a personalized demo at www.maltego.com

WHAT OUR CUSTOMERS SAY

“Maltego’s strength lies in its capacity to visualize relationships among Entities, even when dealing with large volumes of data. Ultimately, Maltego enables us to quickly obtain information about the subject from the surface web and the deep and dark web.”

Cyber Policeman from **Ukrainian Cyber Police**
